II. Introduction and Brief History of the organization:

To overcome the emerging issues like poverty, drought and chronic hunger of the district some youths and victimize group came to the front and formed an organization i.e., Janamukti Anusthan. It has been started its work with the deprived communities from some villages of Muribahal block area since 1996-1997. Because it has been working in different blocks area of the district for the upliftment of the women, schedule tribes, schedule caste, landless, small and marginal farmers, old and physically challenged groups. It's a membership based organization. More than 7000 members directly associated with the organization. Most of them belong to the marginal sections and they work for their village as well as the area.

III. Mission and Vision: Integrated development of the poor and marginalized section of the society.

IV. Objectives:

- ☞ To assist the people of this area particularly to the weaker section for their socio, political and economic upliftment.
- ☞ To enable the people to be aware of the various Govt. schemes meant for them and assist the people and government for their effective implementation.
- ☞ To organize the people for the development of this area through meetings, conference and cultural activities.
- ☞ To build awareness among the people about the exploitation and operation prevailing in the society and take necessary action for its eradication.
- ☞ To build awareness among the people reforms the social evils.
- ☞ To build awareness among the peoples for protection and growth of the forest and to assist the govt for this and to take necessary steps for harvesting water for irrigation by arranging small steams and other water resources in the area.

V. Adopted strategies:

- Employment Generation for reducing distress migration.
- Intervening on check food crisis hunger and related problems.
- Checking distress selling of agriculture productions and to develop proper marketing system.
- Protection, collection, processing and marketing of the forest products.

- Organizing the unorganized laborers through the labor society and to ensure employment for them.
- Developing agricultural land for better production of crops.
- Creating irrigation tanks and renovating the traditional water bodies for agriculture purpose.
- Eradicating poverty and enhancing sustainable livelihoods of the marginalized sections.
- Facilitating at grassroots level to create Climate Resilient Infrastructures and livelihoods practices in climatic vulnerable blocks through the different government schemes and programmes.

VI. Target groups:

Small and marginal farmers, landless, Homeless, widow headed disabled, agriculture labor and unorganized labor, Migrant, bonded and child labor

VII. Some core Issues of the area

- ☞ Frequent Drought (1899,1965,1996,2000,2001,2003,2006,2011,2015,2016,2016)
- ☞ Annual rainfall 1200 – 1300 mm; but happens erratic rainfall
- ☞ Under spotlight many times for starvation cases
- ☞ Hilly sloppy and upland with low ground level water potential
- ☞ Large scale distress Migration to other state a regular phenomenon; majority; small, marginal farmers and landless laborers
- ☞ Indebtedness, Migrant bonded labors and child labors

VIII. Major activities undertaken

- ✓ Natural Resource Management (NRM)
- ✓ Migrant Labor's Right
- ✓ Forest Right and forest protection
- ✓ Women Empowerment
- ✓ Education For Migrant and Bonded Labor Children
- ✓ Organic farming
- ✓ Rescue and rehabilitation of migrant Labors
- ✓ Facilitating for better implementation of MGNREGA-NRLM convergence strategies through Cluster Facilitation Team(CFT)
- ✓ Convergence initiatives towards enhancement of livelihood of most marginalized sections under the People Action in Development (PAID) programme.
- ✓ “Quick –Win” intervention/Climate change
- ✓ Sustainable Livelihoods and MGNREGA
- ✓ Infrastructure for Climate Resilient Growth(ICRG)

IX. Major Achievements of the Organisation:

Janamukti Anusthan has been working on poverty eradication and livelihood enhancement of most marginalized section of the society since last 2 decades in Titilagarh subdivision as well as different socio-economically vulnerable area of Balangir ditrict. During the journey the organization has been worked for the development of most marginalized section building relation with Govt. and non Govt. agencies. In the juncture, the organization reached to the unreached remote tribal village area and started work on managing and arresting distress migration and bonded labour through the employment generation programme. Checking dropout rate in elementary level of school children of migrant families, the organization ran 25 no's of Residential Care Centre (RCC) in year 2005-2006 and 2006-2007 in highly migration prone area of Muribahal block getting financial support from Sarva Shikshya Abhiyan,under OPEPA, Government of Odisha. Besides these building capacities of School Management Comitees (SMCs), reintegration of migrant and bonded labours children, monitoring of Residential Care Centers /Seasonal Hostels, building awareness among the SMC members, parents and stake holders on Right to Education (RTE) activities are being undertaken as the focused activities of the organization. To expedite the initiative, the agency namely,Aide et Action through the Migrant and Bonded Labour Initiative (MBLi) supported the organization from year 2010-2013.Creation of water structures and responding drought became the most priority area of the organization because people's of the area have been facing crop loss every year and they used to migrate due to the frequent drought . To overcome the situation the organization created durable asserts using technical team by the support of CARE- DFID and Gov of Odisha. Apart from this the organization positively thought about the implementation of the NREGA and in the initial phase (in Aug, 2006) the organization sent the representative to Samaj Pragati Sahayog,Dewas,MP. for the NREGA-Water shade training and after that the organization facilitated to the process at village/GP and block level and got positive result. To accelerate to the initiative of the organization Western Odisha NREGA Consortium (WONC) becomes assisted (in June, 2007 onwards) and in a collaborative approach the organization facilitated the GP level NREGA implementation process. Empowering to the GP level functionaries, SHGs, Cadres, formation and strengthening the Village level Job seekers committee, GP level and block level Jobseekers unions are the main focus activities of the project. Greening MGNREGA (UNDP –MoRD supported programme was also very effective programme to create WHS though the water shade principles. Gramsabha Shasakti Karan Karya kram (GSSK) was also the very innovative progamme of PR department Gov. of Odisha.Our organization worked tremendously with the OMEGA-DFID team in Bangomunda block. At present the organization is working as a resource organization at block level to empower the different primary stake

holders and institutions involving with the Block Public hearing comitee and social audit process under MGNREGA

In addition to that the organization is working as a block level resource organization to expedite the MGNREGA through the Cluster facilitation team (CFT) MoRD and PR deptt Gov.of Odisha supported programe. Along with, the organization is working with the various line depts. in a convergence approach for protecting Natural resources through the “Quick Win intervention”(DFID-SPS supported programme). The Intensive participatory Planning Exercise IPPE-I and IPPE-II is completed successfully by the facilitation of the Organization. The organization has lots of experiences on employment generation and reducing distress migration through the convergence programmes.

In November, 2015 onwards another valuable programme i.e. People Action In Development (PAID) Supported by Bharat Rural Livelihoods (BRLF) had been started for enhancing livelihoods of 3000 poor and marginalized families under 04 Gram Panchayat of Muribahal block of Bolangir district. The programme is meant for secure the livelihoods of unprevillaged sections through the sustainable agriculture, building strong self-help structures and convergence with different schemes and programmes of State & Central Govt. The project aims to reduce vulnerabilities associated with poverty and food and nutrition insecurity of poor people by adopting natural resource management and sustainable agricultural practices and involve in off farm income generation activities through convergence of MGNREGS & NRLM (through creation of NRM based durable assets at community and individual level will be created and provide sustainable income for the community. At the same time Self-help structures like women SHGs and its Federation, Farmer’s clubs, Forest Management Committee and Job Seekers Committee is involved in their sustainable development. The planned measures will ensure minimum of 150 days employment , promote sustainable agriculture, improve the agriculture production, availability of food and reduces food and nutrition insecurity, malnutrition among women and children, indebtedness and migration of people.

Apart from this, to cope up the climate change issue, establish the climate resilient structures, adaptation and climate resilient livelihoods practices in biophysically and socio-economically vulnerable area, the Infrastructure for Climate Resilient Growth (ICRG) intervention has been launched on 1st August, 2017 in no. of 4 most climatic vulnerable blocks of Balangir districts like: Gudvela, Saintala, Deogaon and Titilagarh with the supports of DFID- IPE Global Ltd & GOVERNMENT of ODISHA. As an ICRG partner organisation, Janamukti Anusthan is facilitating to the process by deploying Block level facilitators in above mentioned blocks. The broader objective behind the intervention is to expedite the Mahatma Gandhi NREGA and creating Climate Resilient asserts for this area through convergence with different schemes and programmes of government departments.

X. Some qualitative and quantitative achievements of the organization of last some years: There is no. of 165 Women Self Help Groups (SHG) have been formed and these are working for the development of the village economy as well as women empowerment.

- ☞ Created no. of 60 water bodies in different drought prone villages and these are using irrigation purpose and some are using in multipurpose.
- ☞ No. of 17 water bodies have been taken lease by the SHGs from different Gram Panchayats and these are using for fisheries.
- ☞ Created no. of 5 patches plantation and these are protecting by the village comities.
- ☞ Formed no. of 30 Farmer's clubs in 30 villages and they are doing practice organic farming.
- ☞ Declared Ganrei GP is a Zero migration prone GP in 2004 for checking distress migration through the Onion cultivation and convergence with other livelihoods programme.
- ☞ By the continuous follow-up, there is no. of 125 families of 9 hamlet forest villages of Muribahal block got land patta under FRA, 2006 and they have been able to establish there.
- ☞ Formed 52 no. of village level labor comitees, no. of 7 GP level labor comitees and no. of 1 block level labor comitee in Muribahal Block to success the MGNREGA
- ☞ Through the Rescue operation No. of 273 Bonded labors have been rescued in last 8 years with the support of Aide-et Action, Action Aid and International Justice Mission (IJM) from different brick kilns area. JMA had been taken post release initiatives for complete rehabilitation and through the process till Jan, 2015, no. of 227 persons of Muribahal, Bangomunda and Titilagarh block have been got Rs 4508000 rehabilitation support from the Government. For the complete rehabilitation and providing rehabilitation package for the rest of the bonded labors the work is in the process.
- ☞ No. of 72 Micro Level Plan have been prepared and these are using in concern villages as the development tools.
- ☞ No. of 27 MGNREGA and livelihood based plan have been prepared in no. of 2 GPs of Muribahal Block and these are using for the success of MGNREGA under the Greening MGNREGA Program.
- ☞ By the collaboration of Block administration of Muribahal, utilized near about Rs. 5.26 lakhs (five Corers twenty six lakhs) and provided 100 days of work for 1475 HHs. This block became declared as a number one 100 days of work provider block under MGNREGA in Odisha for the financial year 2012-2013 and in 2013-14 financial year Muribahl block utilised 6.48 lakhs. There are provided 100 days of work for 1875 HHs and 150 days of work for 707 HHs and became a highest achiever block under the Bolangir district. In the financial year 2015-16 the block generated 4, 65000 person days by utilizing 12.56 corers rupees and kept its No.1 position in Bolangir District.
- ☞ Reduced 15 percent seasonal distress migration in highly migration GPs like Ichhapada and Gudighat where we are closely facilitating the entire MGNREGA process. Due to the continuous efforts of block administration and our organisation, some village of Muribahal block declared as "zero" migration village like:
kantadunguri, Hadhada, Kandakhal, podhmundi and kherat

- ☞ No. of 20 Grain banks have been created to meet immediate need during starvation.
- ☞ Under the Gram Sabha Shashakti karan Kram(GSSKK) no. of 33 MGNREGA Based Micro Level Plan have been prepared in Bangomunda Block.
- ☞ The MGNREGA-NRLM convergence programme through the Cluster facilitation (CFT) has been started in 61 villages under the 6 GPs of Muribahal block from 23rd July 2014.
- ☞ Through the Integrated Participatory Planning Exercise (IPPE-I and IPPE-II) No. of 61 MLPs have been prepared by the Cluster Facilitation Team in Muribahal block and these are presented in Pallisabha and Gram Sabha of Jan/Feb, 2015 and 2016 for the labour budget, 2015-16 and 2016-17.
- ☞ Replicated the Mahabandha (Rain water harvesting structure) project in Bijamal and Sukunipadar (Barbandh) village under the Quick-Win/Climate change intervention in year, 2016-17.
- ☞ Supported to no. of 40 marginal famers (ST category) for making Ring well under the BRLF/PAID project in year 2016-17 and 2017-18.
- ☞ Constructed 10 no's of Low Cost Onion Structure (@ 25000/) for 10 no's of farmers in 4 BRLF/PAID project operational GPs of Muribahal block.

I. PEOPLE'S ACTION IN DEVELOPMENT (PAID):

**SUPPORTED BY: BHARAT RURAL LIVELIHOOD FOUNDATION
(BRLF), NEW DELHI**

Objective of the project:

The main objective behind the project is no. of 3000 poor and marginalized families of 04 Gram Panchayat of Muribahal block of Bolangir district will be secured their livelihood, through sustainable agriculture, building strong self-help structures and convergence with different schemes and programmes of State & Central Govt. The project aims to reduce vulnerabilities associated with poverty and food and nutrition insecurity of poor people by adopting natural resource management and sustainable agricultural practices and involve in off farm income generation activities through convergence of MGNREGS & NRLM (through creation of NRM based durable assets at community and individual level will be created and provide sustainable income for the community. At the same time Self-help structures like women SHGs and its Federation, Farmer's clubs, Forest Management Committee and Job Seekers Committee is involved in their sustainable development. The planned measures will ensure minimum of 150 days employment, promote sustainable agriculture, improve the agriculture production, availability of food and reduces food and nutrition insecurity, malnutrition among women and children, indebtedness and migration of people.

Detail of the Project Area: Dangarpada, Gudighat, Lebda and Malisira G.Ps are the project area of Janamukti Anusthan where the People's action In Development project is implementing. There are thirty villages in the Project. The total identified households for the projects of the 4 G.Ps are 3000 where the total population is 11489. Sc HHS is 567 and population is 2247. ST HHS is 1774 and population is 6234. Other HHs is 659 and population is 3007. The project coverage area is 7701 hector land including 4 GPs. Where the total cultivated land is 5444 hector and forest coverage area of 508 hectors. Whereas Grazing land is 697 hector, non agricultural land is 552 hector, The agricultural is divided in three part like upland medium land and upland and percentage of the agricultural land is upland 50.27%, middle land is 22.25% where as low land is 27.48%. The total job card holder of the project are is 6098. Whereas the total active job cards are 2213. ST percentage of total worker is 35.

About the project area.

Muribahal block is one of the most backward blocks in Bolangir district. The main reasons of its backwardness are poverty, illiteracy, and migration. All the 18 Grampanchayats of the block are backward and undeveloped. Among all the panchayats Dangarpada, Gudighat, Lebda and Malisira Panchayats are most underdeveloped and backward. These are also much neglected GPs. Illiteracy, migration, poverty, blind belief; voiceless, poor, landless are high in these GPs. So Janamukti Anusthan has selected these GPs for the upliftment and development of the downtrend.

The main issues of these GPs are distress migration. The migration of last year was 437 H.Hs and population was 1397. Large number of people of the GPs goes for migration. They mainly go to Raipur, Mumbai and Hyderabad. They go for construction and brick kiln work. The people of this area are very illiterate. So the Dalal come to the needy family, give some money for advance and take with them for migration. The migrants face many problems. They are exploited there by contractor and brick kiln owner. They become bonded there. Janamukti Anusthan has rescued a number of bonded labors from

Hyderabad by the help of different government and non government agencies. At present there are 54 rescued bonded labors in project area .Always the migrants get many problems. Mental and Physical torture, harassment, death cases are common.

The other reasons of these are as follows. This area is mainly hot and dry. It is very nearest to Titilagarh. It is known to everybody that Titilagarh is very hot. The temperature becomes 48/49 degree Celsius in summer. So the water harvesting structure (WHS), well, farm pond and other water bodies become dry in summer. The small and marginal farmers do not get water for cultivation. Most of the area of the GPs is upland based. So the farmers demoralize to cultivate in upland area. Irrigation system is very poor in this area .Very few people cultivate their land by the traditional lifting irrigation system.

Bolangir is a drought prone district. So these GPs are also obviously come under the drought prone area. The rain fall is erotic's the cultivation not successful in the area. Therefore the land holders also go for migration. Poverty of these GPs is higher than other panchayats of muribahal block. Illiteracy and poverty are the two main problems of these panchayat. Although the area comes under dense forest area, but village people do not use it properly. Management of forest is poor so, deforestation is very high.

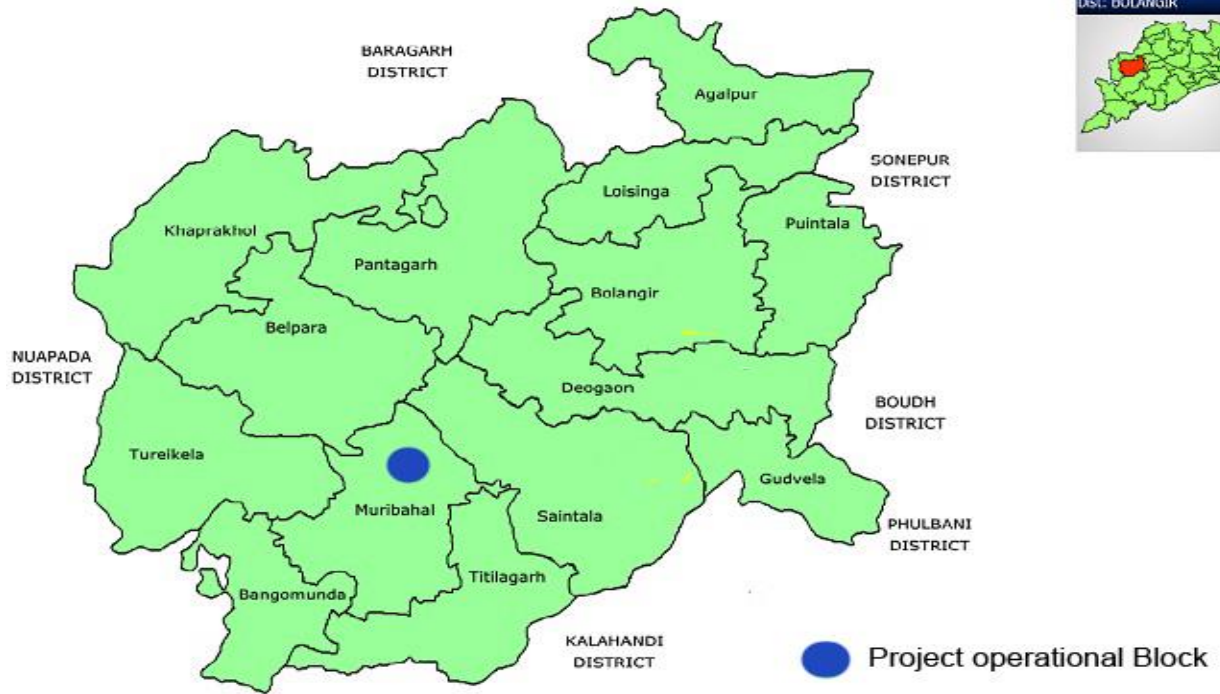

Soil erosion is another problem in this area. Due to lack of sufficient water bodies' management soil erosion occur regularly. Many farmers get problem due to over flooded water. So acres of crops get loss.

Due to lack of proper marketing system the farmers urge to sell their product in the nearby market in very cheap price. Now cotton (cash crop) cultivation has taken the place of food crop. Farmers use regularly chemical pesticides, fertilizer by which the production capacity of the soil going down and down. So the land holders are also coming in to the indebtedness. To repay their borrowing money they receive the advance money by high interest from the Dalal (labour Contractor)and go for migration.

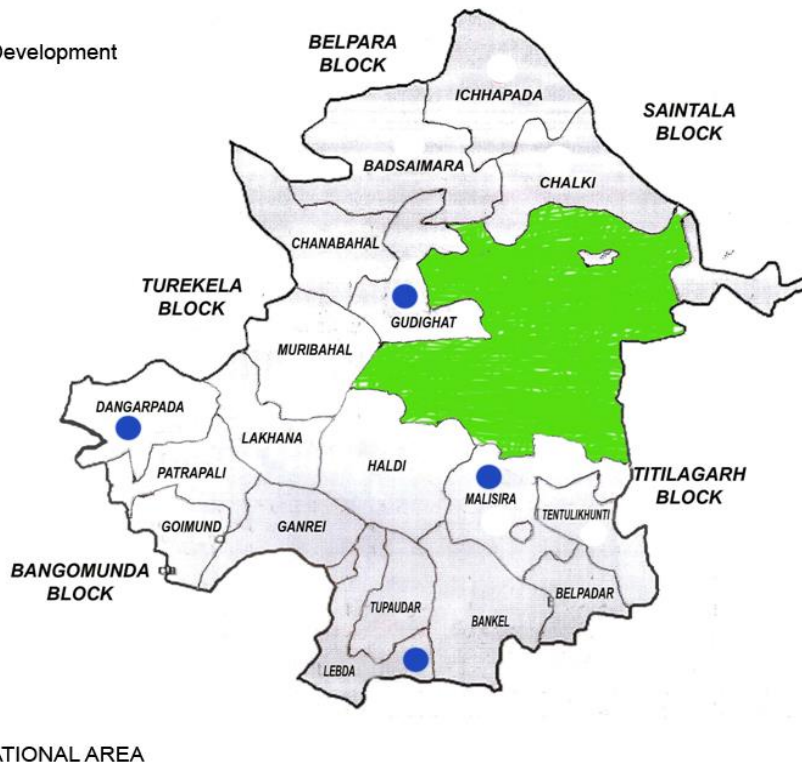

Due to lack of proper drinking water facility, proper medical facility, proper public distribution system, proper reach of government programmes, proper training on upliftment and development of the people of these GPs are facing a lot of problem.

Map of the Project Location:

DIST. MAP OF BOLANGIR

Map of Muribahal block
 Project- Peoples Action in Development
 Support- BRLF-WONC

Activities undertaken:

- Job seeker committee and union formation & strengthening.
- Farmer club formation.
- Community mobilization, Job demand, Job Card registration, ensuring Job.
- Facilitate Migration tracking at Village level.
- Ensuring Job for the distress migrant and sensitive household.
- Village level awareness camp on different schemes & services.
- Organizing training for Farmer.
- Organizing capacity building training for PRIs members.
- Organizing book keeping and SHG management training for SHG members.
- Livestock Development
- Formation and strengthening of SHGs.
- Organizing coordination meeting with GPs and Block.
- Non pesticide management based agriculture.
- Natural Resource Management
- Agriculture

- Rights and entitlement
- Low cost onion storage.
- Fund leverage

Job seeker committees and union formation & strengthening:

The objective behind it to create a sustainable resource group at village level to fight against the irregularities the programme and assist jobseeker for their livelihood, help them for job, to help them for job card registration any labour has left out from job card, put off job demand form, make communication with panchayat, Panchayat sameeti and with other agencies to highlighted the existing issue in their locality. By the initiative we have selected some person those who are interested to work as job seeker leader for their village.

of
to
if

The main concept behind the job seekers committee is to organize the unorganized Job seekers. Formation and create a sustainable people movement for the effectiveness of MGNREGA. When the administration is thinking about the negative side of act we had taken active stand and oath to success the Act and to convert it to positives angle through the job seeker union. Till date no.of 30 job seeker committees at village level in project area has been formed. These committees and union constituted by the active participation and contribution of village people and the help of block and GP administration. Eos, GPEO, GRS, Mates, Ward members were attending to the committee meeting of job seeker and heartily encouraging them. All the meetings were organized with peace and success.

G.P level job seeker union: 4 no of Grampanchayat level JSC union had been formed by the representation of the village JSC. The objective of the committee is to work as pressure groups at GP level to conduct Gram sabha properly. Beside this to create pressure for ensuring job, timely measurement, timely payment, social Audit, GP level MGNREGA plan preparation and recommendation it on Gram Sabha meeting.

Farmer club formation:

The objective behind farmer clubs at village level is to create awareness about the agriculture and horticulture and trained them for sustainable agriculture and dry land farming for their

livelihood, to help them for different Agriculture and Horticulture scheme of Govt., to help them for make communication with Agriculture and Horticulture dept. and with other agencies to highlight the existing issue in their locality. By the initiative we have selected some person those who are interested to work as trainer and when they get agricultural training properly they should work as master trainer of their respect villages. Till date, no. Of 30 Farmer clubs at village level in project area has been formed

Village level awareness camps on different schemes & services.

The Impact of the traditional street play, folk dance and folk songs are useful information sharing method other than teaching. On the other hand the success of MGNREGA and other social safety net schemes depends upon their awareness level and the awareness medium also is effective. We thought about this and appointed a traditional folk dance group “The Sanchar Bahak” team and as per our pre plan the team was

moving towards our 15 operational villages of four GPs and presented the shows during the time of show large number of villagers including JSC were attended and enjoyed the show. The team was giving information through the action, song and instruments to the community people about the MGNREGA and different Government schemes.

Organizing training for Farmer:

To Trained farmers for sustainable agriculture and dry land farming for their livelihood, to help them for different Agriculture and Horticulture scheme of Govt., to help them for make communication with Agriculture and Horticulture dept. and with other agencies to highlight the existing issue in their locality. By the initiative we have selected some person those who are interested to work as

trainer and when they get agricultural training properly they should work as master trainer of their respect villages. Till date 30 no of Farmer clubs at village level in

project area has been formed and 20 no. of farmer training organized.

Organizing capacity building training for PRI members:

Capacity building of PRI members is about promoting the ‘capacity’ of local communities to develop, implement and sustain their own solutions to problems in a way that helps them shape and exercise control over their physical, social, economic and cultural environments. PRI Members are the root sources of Govt. To capacitate PRIs 4 no. of capacity building training organized and 8 no. of GP level coordination meeting organized for better implementation and function of Panchayati Raj.

Organizing book keeping and SHG management training for SHG members:

To aware rural women and sensitize about SHG concept, benefit of SHG, how to manage SHG 10 no. of SHG concept management training organised at different project villages. 300 SHG members and 150 rural women participated in the training and gained knowledge about SHG concept and book keeping.

Live stock development.

For the tribal development in Muribahal block, diversification of livelihoods is most importance. As a part of other forms of livelihoods intervention Janamukti Anusthan Has initiated activities on non- farm based approach such as livestock development and working with the community to help households set up backyard poultry, fishery, goatery and dairy development. JMA also helps households through vaccination, feed, shelter, and breed improvement as well.

Formation and strengthening of SHGs:

150 SHGs revived and 50 new SHGs formed To protect villagers from local money lenders and dependency of money. SHGs are the local institution and all SHG members have the equal right to get benefits.

Organizing coordination meeting at GPs and Block level:

To leverage the fund 8 no. of GP level coordination meeting and one block level coordination meeting organized. All PRIs members participated in coordination meeting and discussed about various schemes and program of Govt. for better implementation.

Non Pesticides Management Based Agriculture:

A key mandate of JAM is to encourage sustainable agriculture practice, which aid farmer profitability, protect soil, insect and animal biodiversity, ensure greater safety of food and water source, insure against climate risk, and propel households covered by Janamukri Anusthan to adopt NPM practices. Encouraging NPM farming practices in most impotence. Last five decades chemical pesticide use in India has grown substantially. The continual use of chemical pesticides has disturbing consequences on human health and the farming system. The NPM agriculture movement tries to encourage farmers to grow crops without any chemical pesticides, create an identity for their produces. NPM agriculture emphasises building up soil fertility through appropriate management practices (such as composting, recycling of agricultural residues, liquid manures, and green manure and tank silt application) with a gradual phasing out of chemical fertilizers.

Natural Resource Management:

Creation of Water infrastructure and restoration, rejuvenation of land to realize its productivity potential is improving the productivity of agriculture. As a part of its livelihoods intervention, Janamukti Anusthan

introduces a range of activities focusing on sustainable management of land and water resources. The key activities include creating of WHS, waste land development, constructing ring well, dug well, and bringing households in NTFP value chains.

Agriculture:

Agriculture is the main occupation of tribal in our area and dependency on agriculture for livelihoods is very high. Janamukti Anusthan's primary focus is given to agriculture is designing livelihoods intervention. JMA covered a range of agricultural activities as a part of agriculture based livelihoods intervention. Likes adoption of improved agriculture practice, adopting improve seeds and seeds treatment, promoting horticulture, encouraging line transplanting, setting up of vegetable gardens, improved oil seeds, pulses and millets cultivation and encouraging NPM practices.

Rights and Entitlements:

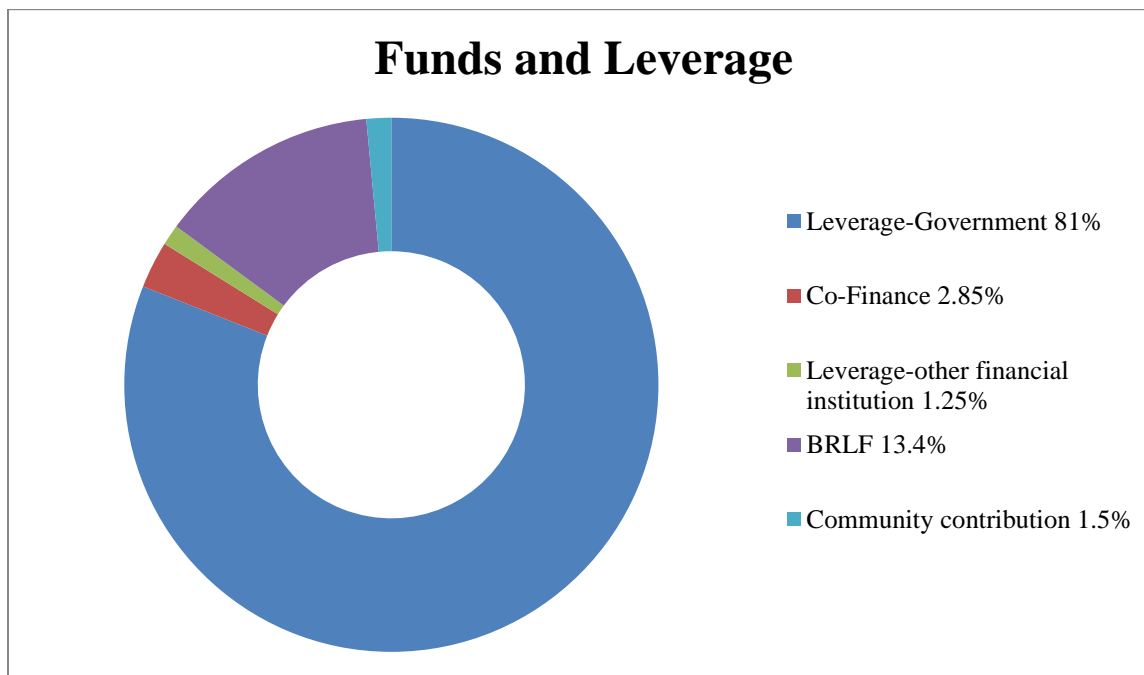

To help in the empowerment, development, protection and welfare of the socioeconomically marginalized communities, especially the ST, it is understood that human development is as important as livelihoods. In fact both are connected. JMA works to connect many households as possible to various government flagship programs like Swachha Bharat mission, PM Jan Dhan Yojana, PMSBY, PMJJBY etc.

Low cost onion storage:

Distress sell of farmer produces is an important issue in Muribahal. This contain on the lack of warehousing. There is surplus production in one area where farmers do not get the invested amount back as prices fall. The onion farmers faced the problem from decades. To check these situation Janamukti Anusthan build a low cost onion storage as model by the helps of farmer at just INR 25K. it was stored 20 to 30qntl onion successfully.

Fund and Leverage:

II. “QUICK-WIN” INTERVENTION/CLIMATE CHANGE
Project supported by DFID-Samaj Pragati Sahayog(SPS)

DETAILS OF THE PROJECT AREA:

No.of village: 01(Bijamal)

Name of the GP- Gudighat, Block-Muribahal, dist- Balangir

Total HHs in the village: 135

Category wise HHs in the village:

ST: 38, SC: 34O,BGS: 63

No. of farmers will be benefited from the Mahabandha -82

ST-38, SC-25 OBC-19

Catchment- 150 acre approximately.

Pondage area:2 acre(L 250 mtr/W 150 mtr)

Coverage area: 125 acre, approximately.

No. of job card: 135,No. of active job card: 98,No. of laborer: 145

Social Map & Resource Map of Bijamal Village

The Village Bijamal is an underdeveloped village of Muribahal block under Balangir District. Total Hhs of the village is 97 and population is 335. Drought, distress migration and unemployment are main issues of the village. Irrigation facilities are worst. Kharip cultivation (Paddy) totally depends upon the rain. No other alternative system to protect the crop from the dry spell and drought like situation. The village has only two water bodies but these become dry before the September-October due to the siltation and heavy soil erosion problems. To address the situation Janmukti Anusthan visited to the village, analyzed the situations and decided to start the “Quick Win” intervention in the village.

Before the initiation the organization, mobilized the villagers on climate change, causes of frequent drought, unemployment and distress migration issues. Organized meetings and tried to draw how the water bodies of the village help in the kharip cultivation during the drought situation and the present management of traditional water bodies of the village. In this regards different types of views noted from the villagers in Palli Sabha meeting. In the meeting ward Member of the Bijamal village also participated. They shared about the role of the villagers and Janamukti Anusthan in the contest of addressing the drought like situation. The professional staffs of Janamukti Anusthan visited the site of WHS Dohalamund with villagers and hence forth the decision had been taken to create Dohalamunda as drought proofing and climate resilient model in Muribahal Block. It is unanimously agreed by the whole MGNREGA job card holders and villagers in the village level meeting. A village level resolution had been made by villagers of Bijamal for project approval of Block office and Dist. Office. It was also decided that Janamukti Anusthan will be facilitated to the Process. In the Palli Sabha a resolution also made by villagers, that the farmers of the catchment area who have been encroaching the land and cultivating they should be agreed to quit the area .They also agreed in the meeting for the same from their side and told to cooperate to make the project. By the village level resolution it was clearly mentioned that the Project name will be “Quick Win. It will be supported by- Samaj Pragati Sahayog -DFID generate fund through the MGNREGA facilitated by Jamamukti Anusthan. Besides this the organization will give hand holding support to all technical aspects and accelerate the Job demand, measurement and timely

payment process. GP and Block administration had been also given their concern to give the necessary supports.

As per the planning the work has been started from January, 2017 and till date (15.3.2018) total no. of 2492 Person days has been generated. Total fund Utilized Rs.483,600/- (In the Fy 2016-17 generated 402 Person days by utilizing Rs.70000/- and in the Fy 2017-18 generated 2350 Person days by utilizing Rs.413600/-)

Benefits:

No. of 35 farmers of the command area are utilized the water of the structure in kharip season and they protected their paddy crop from the water scarcity. Lack of MGNREGA fund flow, Panchayati Raj election and strike of functionaries the work could not progress as per the target .Some extent this year the situation is positive and the work is running smoothly. Hope, the current year the target will be achieved and around 50 farmer's Hhs would be benefited. Around 90 acres of land would be covered under the structure. Besides this other allied activities like Plantation, grass pitching, diversion weir, catchment treatment work will be undertaken to protect the structure. The water user cum maintenance comitee,wage seekers comitee are also actively performing their duties to build a sustainable watershed model.

III.FACILITATION OF MGNREGA SOCIAL AUDIT:

SUPPORTED BY BLOCK ADMINISTRATION, MURIBAHAL

As per the MGNREG Act, social audit being conducted twice in a year for making transparency and managing well the all project works. The District Rural development Agency (DRDA)Balangir and Block administration Muribahal had been selected to Janamukti Anusthan as a facilitating agency for social Audit process and based on the letter and Government guideline the organization facilitated the Social

Audit process in all 22 Grampanchayats of Muribahal block by assigning staffs . The Social Audit was held on dated 7.3.2018 to 03.4.2018. To fulfill the objective of social audit and following the norms of social audit the evaluation teams had been formed for every villages and basing on the schedule the teams were moving to the villages for evaluate the MGNREGA project works. Including this the team was verifying the muster roll, wage payment, labor issues, worksite management, worksite facilities etc. At that time the labor groups, SHG members, Farmers, mates, GRS, PRIs and GP functionaries were attended. The job seeker groups were presented about their problem like late payment, late measurement, job card issue, name registration, job demand and discussed about the work site facilities with the GP staff. After that in the Social audit Gramsabha meetings the observation and field level grievances were presented.

IV.Sustainable Livelihoods and MGNREGA (Supported by: FORD FOUNDATION)

Object of the project:

The key objective of the project is, to create durable assets through the proper implementation of MGNREGA and enhance sustainable livelihoods of wage seekers families doing convergence with various schemes and programmes of the government in most migration prone and drought prone area.

Detail of the Project area:

Dangarpada, Gudighat, Lebda and Malisira G.Ps are the project area of Janamukti Anusthan where the S/L MGNREGAproject is implementing. There are 26 villages in the Project .The total

identified households for the projects of the 4 G.Ps are 2700 where, the total job card holder of the project is 6098. Whereas the total active job cards are 2213. ST percentage of total worker is 35.

Major issue and challenges of the project area:

The main issue of selected GPs is distress migration. The migration data of last year of targeted GP's was 437 HHs and population was 1397. Large number of peoples of the GPs is migrants. They mainly go to Chhattisgarh, Maharastra and Southern part of India. They usually migrate to construction and brick kiln sites. Labor contractors are more active in the source area. They come to the needy family, give advance money and send them to different brick kiln sites. There the migrants face many problems. They being exploited there by the contractors and brick kiln owners. They become come under the bondage trap. Janamukti Anusthan has rescued a number of bonded labors from Hyderabad by the help of different government and non government agencies for last some years. Mental and Physical torture, harassment, death cases are common for the migrant labor. Children of the families are also not secure. They work there with their parents as a team member instead of education.

Activities Undertaken:

1. Awareness camp
2. Cadre Development programme.
3. Awareness rally and mass job demand camp
4. Formation and strengthening of Job Seekers Union at GP Level
5. Training of Gram Panchayat Level functionary
6. Bi-Monthly Meeting of Job Seekers Comitee (JSC)
7. Preparation of Micro Plan
8. Durable Asset creation through convergence
9. Anti poverty work shop
10. Sustainable Agriculture
11. Block level convergence workshop
12. Orientation training for Block level JSC federation

1. Awareness camp:

No. of 15 awareness camps have been organized in different villages of project area through the folk media (Sanchaar Bahak) program. It was very effective and useful program for the villagers because it was organized during the time of Pallisabha meetings. There are large number of participants were gathered in the meeting places and the villagers got the information about the different Government schemes and program. Meanwhile it was supported to the participants to make the proper Pallisabha plan at the village level.

APRIL 1ST 2017 TO MARCH 2018 SL&MGNREGA

7.Preparation of Micro Plan:

Participatory planning is part of the decentralization process and it aims to identify the critical problems, giving priorities and adoption of a socioeconomic development strategies. The use of participatory methods and tools are common practices in the field. The process mainly involves: appraisal, needs identification, building reinstitution, planning, implementation and evaluation. 26 no. of Micro plan prepared by the facilitation of Janamukti anusthan in all project villages.

The purpose of participatory planning is to create a platform for learning rather than plunging directly into problem solving. The process is expected to enhance Identification of needs of the peoples, the empowerment of local left out peoples and groups, Integration of local knowledge systems into project design.

8.Durable Asset creation through convergence:

By the facilitation of our organization ,There are creation of no. of 8 drought proofing water bodies (WHS) work have been continuing in 8 project villages like: Bijamal, Lebeda, Pitapada,Makripada,Dandara,Dangarpada,Nuapada,Barabandh,Balikhamar.

9. Anti poverty work shop:

An antipoverty workshop was organized by Janamukti Anusthan at Block office of Muribahal block. The concept of the work shop was poverty eradication in rural area. All Govt. line depts., stake holders and SHG members of different villages participated on the program.

SLNO	DATE	PROGRAM	PARTICIPANTS			GP	VILLAGE/VENUE

		TOTAL	78	47	125		

10. Sustainable Agriculture:

Agriculture is the main occupation of the area. JMA covered a range of agricultural activities as a part of agriculture based livelihoods intervention. Organic cultivation is the focus area of the organization. To train to farmers on sustainable agriculture and dry land farming, organized series of capacity building trainings in different villages. Assisted them to build relation with Horticulture and Agriculture departments to highlight the existing issues and fulfill the need of

the farmers of the area. Besides this provided seeds and agro- equipment supports to the needy farmers to minimize the seed crisis by creating linkages with agriculture department. Through the initiative we have selected some person those who are interested to work as trainer and when they get agricultural training properly they should work as master trainer of their respect villages.

11. Block level convergence workshop:

A block level MGNREGA convergence workshop was organized by Janamukti Anusthan in Lakhana GP of Muribahal Block. All PRIs members were participated in the meeting and discussed about the implementation of various schemes Govt programmms.

12. Orientation training for Block level JSC federation:

Capacity building of JSC members is about promoting the ‘capacity’ of local communities to develop, implement and sustain their own solutions to problems in a way that helps them shape and exercise control over their physical, social, economic and cultural environments. JSC

Members are main resource of MGNREGA. To capacitate JSC one capacity building training was organized in Lakhana GP office for better implementation of MGNREGA.

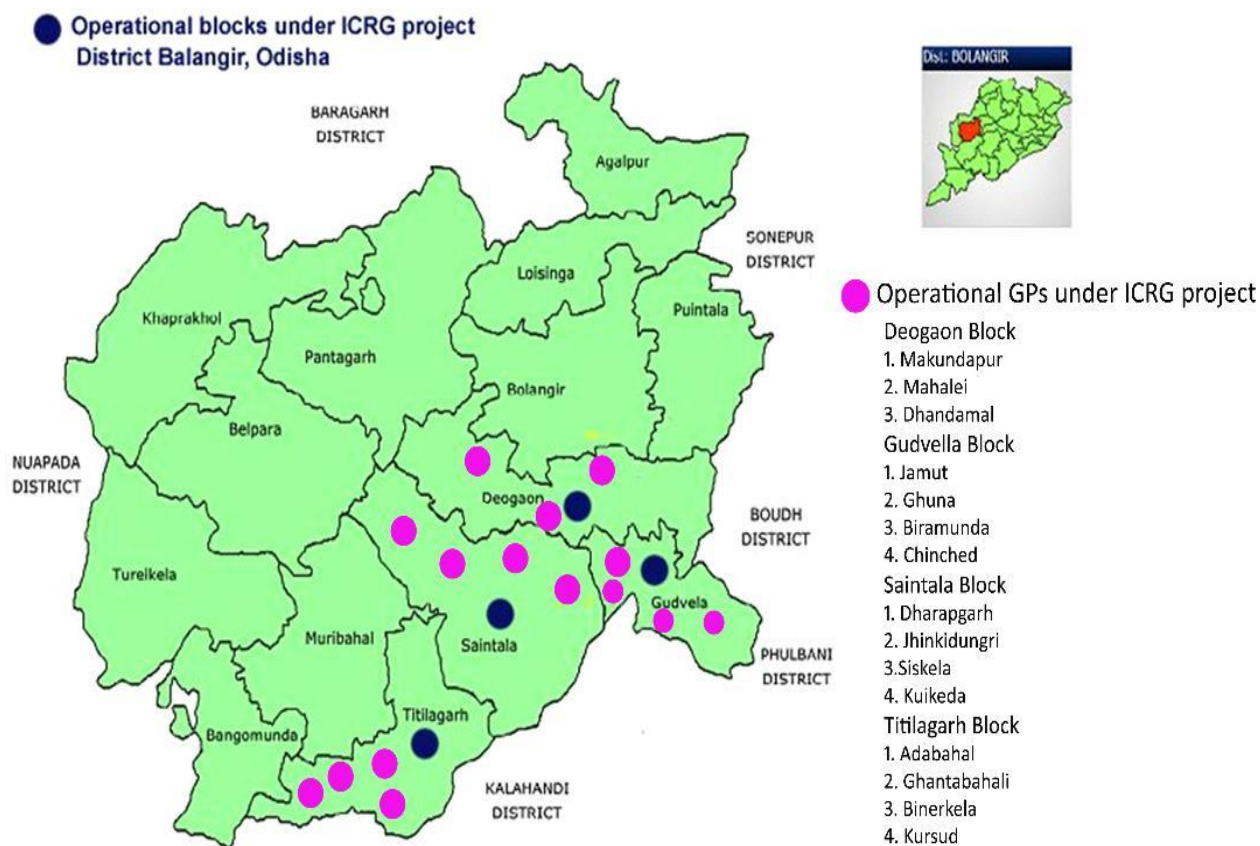

V.INFRASTRUCTURE FOR CLIMATE RESILIENT GROWTH (ICRG) (SUPPORTED BY DFID-IPEGLOBAL LTD)

Project Objective:

To cope up the climate change issue, establish the climate resilient structures, adaptation and climate resilient livelihoods practices in biophysically and socio-economically vulnerable area, the Infrastructure for Climate Resilient Growth (ICRG) intervention has been started in no. of 4

most climatic vulnerable blocks of Balangir districts like: Gudvela, Saintala, Deogaon and Titilagarh with the supports of DFID- IPE Global Ltd & GOVERNMENT of ODISHA. As an ICRG partener organisation, Janamukti Anusthan is facilitating to the process by deploying Block level facilitators in above mentioned blocks. The broader objective behind the intervention is to expedite the Mahatma Gandhi NREGA and creating Climate Resilient asserts for this area through convergence with different schemes s and programmes of government departments.

Summary of the Project Achievement:

✓ Achievements in this year at a glance:

We have organized awareness and orientation meetings among 756 no`s of farmers leaders, labor leaders, youth, Mates, GRSs, PRI members, frontline service providers-ASHAs, AWWs of 16 no`s of villages in 8 no`s of GPs in our 4 blocks. Organised 3 No`s student awareness meeting and rally on CC in Gudvella and Titilagarh block. Organized 4 no`s of block level orientation meetings of PRI members, APO, AEE, GPTAs, GRSs and RWSS-JE II on timely measurement and payment of the WHS works, selection of new WHSs for next 2018-19, labour budget and construction of IHHL in our ICRG villages through RWSS deptt. 5 no`s of GP level PRI training including farmer`s leaders, GRS, Mate, ASHAs

and AWWs in 5 GPs in 4 no`s of blocks on CC and climate resilient works had been organised. Attended and facilitated in 16 special Gram Sabha, 8 No`s of Palli Sabha meetings by our CFs and 4 No`s of Panchayat Raj Diwas meetings in 4 no`s of GPs in our 4 no`s of blocks by our CFs. Organised 13 no`s of staff review and planning meetings of CFs. One meeting of CFs with the Executive Engineer at DRDA was organized. Prepared a model GP Plan in Biramunda GP under Gudvela block. Done bank linkage of one Tarini SHG of the village Biramunda and another 2 SHGs of the same village will be also bank linkage in next September 2018 by our coordination. 69 no`s of individuals and community projects have got approval of DPC in Gudvela and Deogaon block. Renovation works of tank in 5 no`s of villages in 5 no`s of GPs in 4 no`s of blocks is continuing. PD, DRDA, Executive Engineer visited 3 CRW of Gudvela and Deogaon block. One Tahasil office gherau programme organized by the villagers of Demuhan of Biramunda GP under Gudvela block for demanding home stead land by the facilitation by our CF. Wall writing in 2 No`s of villages done by the villagers on CC. One exposure visit of CFs was organized by the CSO for learning on organic farming, watershed concept and integrated farming etc. 1st time organized PIMs in our CRW villages before starting of the work. It has set an example for the area. A filed level Study was done in our CRW villages by the team of Mancheswar University. Trained to 14 No`s of village cadres in our CRW villages. Disability and farmer`s survey have done in our 4 blocks. By our motivation and supported of the agriculture deptt 8 No`s of farmers of Demuhan village block done line sowing Kharip paddy and done vegetable cultivation supported by the horticulture deptt where No. of 12 farmers in Biramunda village. One vibrant village level women Sangathan created by the CF in our new CRW village-Jogimara in Biramunda GP. Introductory meetings completed in 6 No`s of new CRW villages for NRM planning.

We have visited frequently and given special focus to CRW Dambahalimunda of village Shishkela. The work had been started in 2016-17. It comes under Saintala block. It was a renovated tank. The Est. cost of the project was 5 lakh and till today generated 1392 person days. 25 acres of land irrigated in Kharif season of yr, 2017. No. of 10 farmers of the command area of the CRW were benefited. We found the positive thing that the CRW was helped to the paddy field to protect from the shortage of rain fall, even though the area was faced the drought in 2017.

Livelihoods plan of the villages has been also prepared and Pathshala (school) on Sustainable agriculture for 5 days had been organized. Trained to farmers on NPM focusing to organic farming. There was involved no. of 7 SHGS and farmer groups of the village with the help of OLM.

Lack of water availability in summer days and hard red soil content Rabi crop could not cultivated even though plan was prepared and convergence meeting was hold on it. For the current year also prepared the plan and started the kharip paddy cultivation in command area more than the last year.

3. Influencing labour budget

- How the labour budget influenced?
- Any scale up of ICRG interventions to other Districts and blocks?
- Activities carried out in the reporting period related to labour budget:

In early, CFs were organized village level meetings in our ICRG project villages and through the PRA process prepared Social Map, Resource Map, Seasonality Map, identified individual and community issues/ problems, analyzed and prioritized the problems by the people's participation.

2ndly, Village resources were identified through the resource mapping and transect walk.

3rdly, the identified needs were prioritized through pair wise ranking method.

4thly, Counted total no's of active job card holders, multiplied with 100 days in to (wage rate under MGNREGA) is equal to total budget amount.

In the basis of total listed amount the individual and community shelf of projects were selected and prioritized and all the projects become approved in the palli Sabha and Gram Sabhas. This process was the people's centered need based plan and we taken only NRM works. After approval of all the projects from Gram Sabha we done follow up for prepare the plan and estimate and DPC approval. After approval of all the projects we started all the CRWs works facilitated to the GP and block administration after doing PIMs in the villages. By this process labour budget become influenced.

Up to the reporting period we have done 15 No's of meetings in the new CRW villages of 4 operational villages for year, 2018-19. There is discussed in the village meeting on the objective of ICRG, CC issues and solutions, NRM works and labour budget planning process. We have also shared above process in the last block and GP level orientation meetings for PRI members where APO, GPTAs, GRS and Mates were participated.

VI.GENERAL PROGRAMME (INSTITUTIONAL DEVELOPMENT AND COMMUNITY MANAGEMENT)

1. Health Check up camps:

No.of 2 health checks up camps have been organized for migration returnees in highly migration prone area of Muribahal block. 1st one is organized on dated 25th June, 2017 in Balikhamar village of Gudighat GP and another one was organized in Barabandh village of Gudighat GP on dated 28th June 2017. In these programmes more than 150 persons of migrant families were taken part and got the medicines after the health checking by the Doctors of Primary hospital Gudighat. Volunteers and members of the organization were supported to the programme.

2. Training to farmers on Organic Farming

For the promotion of using Bio-pesticide and bio-fertilizer and discouraging the use of chemical pesticide and fertilizer the organization has been working in its operational area in a mission mode since long. This year also the organization has organized No. of 4 village level training programmes in

Lebeda,Dangarpada,Desil and Bijamal village of Muribahal block for building capacity of the farmers community on Organic farming. Process of use of manure, vermin composting, using neem oil and applying indigenous methods for controlling pests was the main topic of the training programme. Beside this, how the chemical fertilizer is harmful on climate, environment, soil and rapid growth of dreaded diseases for the human beings as well animals that was also taught to the farmers.

3. Self Help Group Federation Meetings:

The representative of No. of 7 GP level SHG federations of Muribahal block area (Ganrei, Goimunda,Dangarpada,Malisira,Lebeda,Gudighat) have been collectively formed a block level federation since 2007 and every year being organized an annual meetings of the federation to review of the present status, income generation programme, record keeping, regular meeting, bank linkages and existing challenges of the SHGs. This year also on dated 29.12.2017 a meeting in Janamukti Anusthan Office premises was organized. No. of 28 members of the federation were attended and reviewed the progress and a yearly work plan was also prepared in the meeting for the smoothly implement of the federation as well as SHGs

4. Meetings of Management Comitee:

Throughout the year there is 12ve no's of Management Committee Meetings of Janamukti Anusthan have been organized in the office premises of the organization. In these meeting members were actively participated, discussed and unanimously resolved the things like: selection and appointment of the staffs, review of the programmatic and administrative affairs of the organization, membership fees collection, budget provision, use of the fund of different projects etc. By the decision, suggestion and resolutions of the comitee meetings all the programme of the organization had been implemented.

Annual General Body Meeting of Janamukti Anusthan:

The Annual general body meeting of JMA was held On 31st march, 2018 at Janamukti Anusthan,Office premises at 10.30 A.M. There was more than 90 members from the different villages of the operational area of the organization were participated. The President of the Organization was presided the meeting and as per the agenda the Secretary of the organization was presented the Annual Progress Report. Then the Meeting was continued till to 5.00 PM based on the agenda as follows:

1. Annual Expenditure statements of year, 2016-17 was presented by the treasurer of JMA
2. The Annual Action plans for 2017-2018 was prepared and presented by the Secretary of the organization.
4. prepared the Annual Budget for year 2017-18 and the meeting was over peacefully with the vote of thanks.

THANK YOU
